
Education

Sir M Visvesvaraya institute of technology Bengaluru

December 2020 – May 2024

Bachelor Of Engineering (Computer Science and Engineering); GPA:8.0/10

Diamond Pu College

June 2017 -March 2019

Intermediate; 86%

Skills

Technical Skills

- Java
- HTML, CSS, JavaScript
- Database management system (MYSQL)
- Object oriented programming.

Soft Skills: Good Communication, Strong Teamwork and Collaboration, Problem-Solving.

Work Experience

Intern | Defence Research and Development Organization (DRDO)

February 2024 – April 2024

- Completed an internship at DRDO focused on the development of a Radio Video recording and analysis tool.
- Gained valuable insights into defense technology and acquired practical experience working alongside talented professionals in the field.
- Contributed significantly to the project's progress and success, enhancing my skills in software development and project management.

Projects

Cricket Management System

January 2023 -March 2023

- Developed a comprehensive Cricket Management System (CMS) with a user-friendly front-end using HTML, CSS, and JavaScript, and a back-end server using XAMPP and Python Flask for efficient data management.
- Leveraged a combination of front-end and back-end technologies to create a robust system for managing cricket-related data and processes efficiently.

Enhance Bus Route accessibility and management

May 2023 -July 2023

- Developed an Android application using Java and Firebase Cloud to provide real-time bus route information, including tracking, schedules, and notifications, optimizing campus transportation accessibility.
- Demonstrated proficiency in Java, Android development, and cloud integration, ensuring efficient data retrieval and a user-friendly interface for enhanced campus bus route management.

Smart Voting System Using Face Recognition

January 2024 -May 2024

- Developed a Smart Voting System utilizing LBPH Face Recognizer and Haar Cascade Classifier in Python to ensure secure and accurate voter identification.
- Integrated a database for efficient management of voter information and election data, demonstrating expertise in machine learning, computer vision, and backend development.

Certificates

Data Base Management System (DBMS) | NPTEL-IIT-Kharagpur

January 2022 – March 2022

Programming in JAVA | NPTEL -IIT Kharagpur

July 2022 – October 2022

Web development Bootcamp | Udemy

April 2023 – June 2023
